As a foster home you must agree to a home visit prior to being allowed to foster for All 'Bout Cats, Inc. You also must understand that fostering requires a commitment to seeing the process through to adoption which means you could foster a cat for a long period of time. This is a tremendous commitment. You also must be able to transport the cat to the vet in Gulfport and to adoption outlets throughout Pinellas County. If you cannot do this, you can coordinate with other volunteers to help. The fostered cats must go out continuously for potential adoption. Adult cats will be required to come out minimally once a month. Kittens up to one year of age will be required to come out weekly. Again, you can coordinate help from other volunteers if you are unable. If you are unable to take cats out for adoption, please provide explanation below:
